- Acting as a Resource Center and Clearinghouse for families and providers by disseminating information and facilitating networking and exchanging of information between participants;
- Designing and implementing valuable programs in the community to support family literacy, school readiness and family self sufficiency.
- Providing a safe and accessible space to allow for meeting all grant objectives

## Strengthening Families

**The Five Protective Factors** are the foundation of the Strengthening Families approach and guide the MOC Community Partnership in supporting families.

Research shows that these factors help build healthy environments for the optimal development of all children.

- **Parental resilience**  
MOC Community Partnership support the parents ability to constructively cope and bounce back from all types of challenges by assisting them in building relationships with others in the community and finding solutions to problems together.
- **Social Connections**  
MOC Community Partnership helps parents build networks of emotional support, facilitating support groups and sponsors of community wide family events.
- **Concrete Support in Times of Need**  
MOC Community Partnership will find ways to ensure the basic needs of a family can be met.
- **Knowledge of Parenting and Child Development**  
MOC Community Partnership provides parent workshops and individual information for parents to better understand and care for their children.
- **Social and Emotional Competence of Children**  
MOC Community Partnership help parents to guide their children to interact positively with others, to self regulate , and to effectively communicate their feelings. Play groups and Story Times provide children with opportunities to interact with other children.
